

If Your Equipment has failed, Electromech ECS will recommend the best solution to get your equipment back up and running.

When your business depends on your equipment's up time, you'll understand how much money can be lost by faults, breakdowns and lack of maintenance.

You can rely on Electromech ECS to take care of all your needs, delivering a complete package of services aimed at repairing defective components. Having the latest ISO Accreditation ISO 9001:2008, ensures that our processes will bring you a quality service and giving you the peace of mind that comes with knowing you're in the hands of real experts.

Increased profitability

For every minute your equipment is out of order, your profits are dropping.

By providing preventative maintenance and timely repairs, Electromech ECS can ensure this doesn't happen to you, making your machines work harder, longer and more efficiently, helping you to increase your profitability.

And, if the worst should happen and a breakdown does occur, you can be confident that we'll respond to your needs quickly and, with our expert knowledge and fast access to parts, have your equipment back up and running in no time at all.

Complete service

At Electromech ECS, we want to keep your equipment available for operation, and our complete service means that as well as maintenance and repairs, we also offer you:

- **Spares & Consumables**

To make sure you get the most out of your machines, we stock a wide range of individual spares parts, consumables and cleaning products that include everything from individual high quality moist cleaning cards to full cleaning kits and more.

- **Complete Overhauls**

With years of experience in the industry and an extensive stock of parts, we can refurbish your equipment, helping you increase their operating life and increase your profitability.

- **Associated Services**

We can offer repairs and maintenance of associated components such as:

- Power Supply Units
- Printed Circuit Boards
- Monitors CRT, TFT, LCD
- Digital Displays
- AC & DC Motors
- Fans & blowers
- MEI Bank Note Acceptors
- And much more...

So, whatever business you're in, if you've got equipment that requires regular servicing or maintaining or have a need for immediate repair services, Electromech ECS can provide you with a fast, efficient and economical service that will ensure you remain as profitable and cost effective as possible.
