Introduction

- All prices mentioned are list prices in GBP (£). VAT is added at the current rate.
- A returns notification form MUST be sent in with every BNA unit. (See appendix 1).
- A quotation indicating the work required will be sent to the customer for each unit. There may be exceptions when the price may increase, if the unit has many faults or has been vandalised. The customer will be notified as soon as reasonably possible to authorise the extra costs and work.
- No work will start until the customer authorises the work to proceed. In all cases a hard copy of the purchase order is required.
- Lead-times start from the time that the authorisation and purchase order is received.
- If the customer refuses the quotation, an evaluation fee of £50.00 will be charged.
- No Fault Found fee £50.00
- Minimum invoice value £50.00
- Any packaging deemed un-usable for return carriage, a charge of £40.00 will be invoiced for MEI OEM replacement packaging.
- Terms of payment; 30 days from date of invoice (Subject to approval of a credit account). Proforma terms if credit account is refused (Payment in advance).
- All work is carried out in accordance with MEI recommended service intervals. Lack of operator cleaning or the environment that the BNA is sited in, may require the unit to be serviced more frequently.
- Prices for New BNA and Cashflow SC units available on request.
